# CONVERGENCE 2025: THAT'S HOW WE ROLL

Critical Failure

You have all those bonuses to pick locks and you still failed!

You're just jealous I won Best Character

Best...? You didn't win, Neil Newbon won best actor!

plli Same thing, really.

OUR GET-ALONG SHIRT

Only if it was funny

Why does Wyll spell his name with a "y"?

D-did you just tell a joke?!

because he lost an 'I'

I want to roll the dice!

Welcome in! No matter what culture, background, loves, hates, or interests you may have, you are welcome here, now and always. This is a place for all fandoms, not just any specific one, and for all the people who enjoy them. So, whether you're into spaceships and rayguns, magic and wizards, a world just like our own but a little more interesting, or anything else that intrigues you, we're very glad you're here.

No matter what you're into, diversity has been an important and integral part of fandom for many an age. Speculative fiction has been inherently inclusive from the get-go, and one of the most common threads has always been that diversity, and welcoming everyone, makes societies stronger. So, thank you for making our society and our community stronger, regardless of what brought you here.

Diversity alone, however, isn't enough. Simple diversity is just the bare minimum. Going beyond just diversity and fully into inclusivity makes things even better for everyone involved.

Inclusivity means a lot of different things to a lot of different people. At the end of the day, it often comes down to one simple idea, though: treating everyone, regardless of any characteristics that might divide us, in an equitable manner.

It isn't simply being welcomed alone; it's being actively included and respected. We hope that we've succeeded at making everyone feel welcome and included, and that we truly listen to the lived experience of all of those who wish to share it with us. We are thankful for those who take the time to do so.

It's also important to focus on what unites us, rather than what divides us. The things and experiences that we all share together here, whether it's your first CONvergence or your twentieth. The things that bring us together, and that we share, are far more numerous than the things that divide us.

There's been many a story about people finding their community, their space that truly accepts them. That place where they truly feel at home. For many, that place has become fandom itself. That sense of community, for many of us, makes this convention one that feels like truly coming home. Whether that's you or not, we hope you have a wonderful time enjoying CONvergence 2024: Everyone's Invited

# OPERATIONS (OPS) AND THE BRIDGE

## Hyatt 2 Mirage

The Operations Department directs communications and manages services for the convention, the convention committee, and attendees. The Bridge, located in Hyatt 2 Mirage, is the central hub of Operations at CONvergence.

The Bridge is open:

Wednesday Noon–6:00pm

Continuously

Thursday 8:00am–Sunday 7:00pm

## Got Props?

CONvergence requires that all props be peace bound. Stop by The Bridge to get “The Talk” about handling props responsibly and to get your prop peace bound.

## Lose Something? Find Something?

If you find an item that you think another attendee has left behind, please bring it to The Bridge so we can try to reunite it with its owner. If you lose something, stop by The Bridge to see if someone has turned it in. If we don't have your lost item, we'll take your contact information so we can get in touch with you if it turns up. If you don't realize you've lost something until after the convention, email [operations@convergence-con.org](mailto:operations@convergence-con.org). If we have your item, we'll arrange a meeting time and place to return your item to you.

## Have Questions?

We have answers! Operations has lots of information about the convention, so we can help you find what you're looking for.

## Look for the Helpers

Wandering Hosts are Operations volunteers in purple vests who assist attendees all over the convention. If you need assistance, flag down a Wandering Host who can help you and relay your questions or concerns to Operations.

## Your Safety and Comfort Is Important to Us

Operations is working to make sure the convention is safe, comfortable, and accessible to everyone. If you see something that concerns you or makes you uncomfortable, let Operations know by:

- Visiting The Bridge (Hyatt 2 Mirage)
- Finding a Wandering Host in a purple vest
- Texting 612-800-1677

# CONVERGENCE SAFE SPACES

## What is a CONvergence Safe Space?

Safe Spaces are locations within the convention that are, or can be made to be, places of heightened physical, intellectual, and/or emotional security.

If an attendee needs or desires help to feel that security, Safe Spaces either have volunteers present or are able to call volunteers to the location to assist anyone who is feeling unsafe.

Safe Spaces are a promise that assistance will be provided to anyone who seeks it, without judgment and without expressions of doubt.

# CONVERGENCE ATTENDEE CONDUCT POLICIES

## CONvergence Attendee Conduct Policies

CONvergence is dedicated to providing a safe and inviting convention experience for everyone. These policies support the goal of ensuring that the behavior of any individual or group does not harm other attendees or detract from the Core Values of CONvergence.

Attendee conduct policies apply to all attendees, volunteers, attendees of the Convention Committee (ConCom), Invited Participants, Guests of Honor, dealers, vendors, and all other individuals that have gone through official channels in order to participate in convention activities.

CONvergence reserves the right, at its sole discretion, to take such actions as it feels appropriate where any individual or group is found to have breached convention policies or behaved in a manner contrary to the Core Values. Although we consider our attendees to be rational and responsible people, we recognize that issues related to the policies may still arise. We will deal with any issues as promptly, efficiently, and fairly as possible.

CONvergence reserves the right to revoke any pass and to eject anyone at any time from the convention without a refund.

## Vaccination and Mask Recommendations

Recent masking studies show that individual masking choices have a greater impact on personal health than previously thought. Because of this it is strongly recommended, but not required, that all attendees ages 3+ wear masks during the convention.

This is especially important if:

- You had symptoms or a positive test 5-10 days before the convention.
- You were exposed to someone with COVID-19 within the 10 days prior to the convention.
- If you have concerns about COVID-19 and/or the indoor air quality.

In addition, if you are immunocompromised or at increased risk of severe COVID-19 illness, consider asking your health care provider for advice on additional COVID-19 precautions you should take.

We will continue to provide N95/KN95 masks for attendees who find themselves in need of one.

Furthermore, it is strongly recommended that all attendees be fully vaccinated.

- We hope to once again have updated vaccinations available at con on Saturday afternoon for those who have been unable to find them.
- The Bridge Access Program now pays for vaccines for those without the means to pay for them.

It is strongly recommended that attendees have a negative COVID-19 test within 48 hours of the start of CONvergence 2024.

CONvergence reserves the right to update this policy with more stringent guidelines if the Wastewater Virus Data for Minnesota shows surge conditions at the time of the convention.

## Why are we doing this?

- We now have research evidence that individual masking is effective in preventing infection.
- All current recommendations at state, federal, and global levels focus on individual mask use.
- Masking combined with vaccination is the most direct way for individuals to protect themselves from COVID-19 when opting to attend large events.
- Our research, including internal polling of the CONvergence Convention Committee, indicates that there is a strong preference for individual masking choice.

If you have any questions or comments about COVID-19 policies at CONvergence 2024, please contact the CONvergence Board of Directors.

## City, County, State, & Federal Laws

Please remember: whatever applies outside of the convention still applies both inside the hotel and in all convention spaces.

## Prohibited Representation

The following is not allowed representation at CONvergence.

### Hate Groups

Any representation or iconography of any hate group (including but not limited to: Nazis, the Ku Klux Klan, Westboro Baptist Church, or any group listed on the Southern Poverty Law Center website as a current or active hate group) is expressly prohibited. Discrimination or prejudiced behavior is not tolerated by CONvergence.

### Harassment

Harassment of any kind will not be tolerated.

Harassment includes, but is not limited to:

- Physical assault and/or battery
- Offensive verbal comments
- Inappropriate physical contact
- Unwelcome physical attention
- Intimidation
- Stalking
- Display of hateful iconography
- Non-consensual photography or recording (see the CONvergence Photography Policy for more details)
- Sustained disruption of panels, signings, or other events

# CONVERGENCE ATTENDEE CONDUCT POLICIES

Particularly in relation to identity attributes, including but not limited to:

- Race
- Color
- Culture
- National origin
- Disability
- Gender
- Gender identity
- Gender presentation
- Sexual orientation
- Religion
- Age
- Body size
- Appearance

## Dealing With Harassment

Anyone can report harassment.

If you feel that you are being harassed or subjected to prejudiced or unwelcome behavior, if you are aware of others being harassed or subjected to prejudiced or unwelcome behavior, or if you notice someone behaving inappropriately (such as violating hotel or convention policies), we respectfully suggest the following:

If you feel comfortable doing so, point out the inappropriate behavior to the person(s) involved. Often this will solve the problem immediately.

If you do not feel comfortable talking with the person(s) involved or if talking to them does not resolve the issue, please report the situation immediately to CONvergence Operations. If possible, we ask that you try to provide a name, badge name, badge number, and/or physical description of the person(s) involved to assist with subsequent investigation and follow up.

Do not feel that it is necessary to craft a complete narrative in order to be heard. It is understood that details of stressful situations can become murky and our procedures take this into account. Report situations to the best of your ability and feel free to provide supplemental reports if needed.

If you are in a situation that makes you feel unsafe, please seek assistance from CONvergence staff immediately. Find a Wandering Host, leave the situation and come to a Safe Space or The Bridge, find anyone on a radio, or text Operations at 651-800-1677 (651-800-1-OPS) and we will come to you.

If someone tells you “no” or asks to be left alone, your interaction with them is over. Do not follow or attempt to disrupt their convention experience in any way. If you continue, against their wishes, to attempt to have contact

with people who have said “no” or have asked that you leave them alone, you may be removed from the premises. If you wish to offer an apology to someone who asked that you not interact with them, please come to The Bridge and CONvergence Operations can assist in relaying your message.

## Community Safety

CONvergence is not responsible for solving disagreements and interpersonal problems that may arise between individual attendees outside of the convention. However, CONvergence reserves the right to revoke any pass and to deny future attendance to individuals found to have behaved in a manner contrary to the Core Values of CONvergence at any event within or adjacent to the local community, or who are otherwise deemed to pose a legitimate threat to the safety, inclusivity, and overall health of CONvergence, its attendees, its parent organization, or event venues. We encourage you to contact CONvergence Operations or the members of the Board of Directors of Convergence Events, Inc. if you have concerns about an individual and their presence at the convention.

## Minors

Fans of all ages are welcome at CONvergence. However, CONvergence does not provide childcare, and not all events at CONvergence are appropriate for all audiences.

Attendees under the age of 13 should be supervised in a manner appropriate to their age and ability by an actively responsible parent, guardian, or designated adult while in convention spaces.

A designated adult is defined as someone that is not the legal guardian or parent of a minor, but is over the age of 18, a registered convention attendee, and identified in the minor’s registration record as an adult responsible for them at the convention. The designated adult must be a registered attendee on each date that the minor is also attending.

## Registration

Attendees who will be under the age of 16 on the Thursday of the convention are required to provide contact information for a designated adult when registering and must have a parent, legal guardian, or designated adult with a valid weekend or day pass provide legal identification at the time the minor picks up their badge. Attendees who will be age 16–17 on the Thursday of the convention must provide contact information for a designated adult when registering. Attendees 16–17 years of age may collect their badges using their own form of authorized identification.

## Curfew

Minneapolis city curfew does not apply within convention spaces. It does, however, apply outside the hotel. The juvenile curfew in the city of Minneapolis is:

# CONVERGENCE ATTENDEE CONDUCT POLICIES

- Ages 14 and under: 10:00pm–4:00am Sunday–Thursday, 11:00pm–4:00am Friday & Saturday
- Ages 15–17: 12:01am–4:00am All Nights

## Recommendations

In order that young fans and their parents, guardians, or designated adults may have the best experience, CONvergence recommends that:

- Attendees under the age of 18 should have an Emergency Contact sticker (available in Registration) completed and affixed to the reverse of their badge for the purpose of identifying their parent, guardian, or designated adult in case of emergency. Please ensure that any voice or text number listed on this sticker will be answered regardless of the hour or caller.
- Attendees under the age of 18 should be aware of convention support structures, such as Safe Spaces, Wandering Hosts, The Bridge, and the Operations text number (651-800-1677).
- There should be an active means of communication between a parent, guardian, or designated adult and their associated minor(s).
- Parents, guardians, or designated adults should be in areas to which their associated minors have access (for example, not in a full panel or show, 18+ panel, or 21+ party room).
- Time of day should be taken into consideration when assessing age and ability. Areas and events that may be appropriate for young attendees in the afternoon may not be in the evening. Attendees under the age of 18 should avoid convention spaces after 1:00am. Attendees under the age of 13 should avoid convention spaces after 11:00pm.

## Animal Policy

Pets are not permitted in convention space. Service Animals, as defined under the ADA, are welcome in all areas of CONvergence.

Distracting a service animal without its owner's permission is a safety hazard and denies another attendee the benefit of their accessibility aid. Petting, touching, or intentionally distracting a service animal without its owner's permission is not allowed under any circumstances.

## Artificial Intelligence (AI) Art Policy

This policy aims to prevent the sale and/or promotion of any goods or services that profit off of the theft of another artist's work, while also allowing attendees to submit art generated by AI programs they themselves have created and trained on original art with permission.

This policy applies to all art submissions to the convention,

including but not limited to any competitive and/or monetized art submitted to CONvergence. This includes Art Show, Dealers Room, Artists Alley, and any other compensated or competitive venue that may arise.

- The AI program must be an original creation of the Artist or Group of Artists displaying, selling, or entering the work in a competition at CONvergence 2024.
- The Artist or Group of Artists can collaborate with a programmer or program the AI themselves.
- Any programmer must be a named collaborator on all display signage.
- The Artist or Group of Artists cannot use publicly or commercially available AI programs, including but not limited to: ChatGPT, Midjourney, Craiyon, Fotor, Starryai, Deep Dream, Stable Diffusion, Grok, Google Bard, Claude, and so on.
- The data set on which the AI was trained must be 100% original art belonging to the Artist or Group of Artists, or used with documented permission.
- Public domain art is prohibited from inclusion in the data set.
- Data sets must be viewable upon request by convention staff.
- Original art used for the data set that is not created by the Artist or Group of Artists requires a written release from its creator(s).
- Releases are needed for subjects of photographs and videos, as well as for originating artists who are part of a Group of Artists seeking to sell or display but who are not physically present..
- The Artist or Group of Artists must disclose that their art is AI generated, whether in full or in part, when submitting their work to CONvergence.
- The Artist or Group of Artists should disclose that their art is AI generated, whether in full or in part, on any item tags or display signs.

## Badges

Your convention badge is necessary for participation in the convention. It allows you access to the convention and indicates you are an attendee in good standing. However, CONvergence reserves the right to revoke the badge and the pass it represents and hold the badge of any attendee for any reason, including but not limited to violating the CONvergence Conduct Policies or behaving in such a manner as is deemed unsafe or unacceptable.

Attempts to enter badged convention space while failing to purchase a day or weekend pass and display a valid badge will result in being escorted off site.

# CONVERGENCE ATTENDEE CONDUCT POLICIES

## Fraudulent Badge Use

The use of any CONvergence Badge not issued to you, or the possession with the intent to use of a CONvergence Badge not issued to you, is prohibited and will result in your day or weekend pass being revoked.

## Financial Transactions

Anyone who owes an outstanding balance to CONvergence (for example, an outstanding balance on pass payment, Art Show purchase, or Dealers Room table rental), must settle that balance before being permitted to acquire their badge.

## Props

We at CONvergence believe that the convention as a whole benefits from the amazing costumes and props brought, worn, and displayed by our attendees. In order for CONvergence to remain an enjoyable experience, everyone must agree to a social contract. This contract is simple: if an attendee agrees to be safe and considerate with their props, CONvergence agrees to let that attendee carry their props in convention spaces. To ensure that prop-carrying attendees abide by our social contract, CONvergence Operations provides The Talk and peace bonds props.

## The Talk

If you have a prop that meets any of the following criteria, you must come to The Bridge to receive The Talk and have your prop peace bonded before carrying it in convention spaces:

- Is large or unwieldy
- Is capable of emitting a laser beam or any sort of projectile
- Resembles a weapon from any universe
- Uses wheels for other than accessibility purposes

Peace bonding may also be required in other circumstances, at the discretion of CONvergence Operations. When CONvergence Operations gives The Talk, they outline what is expected of you and your specific props, and provide an opportunity to ask any questions you may have. You will receive a badge ribbon reading "I've Had The Talk." This ribbon must be worn visibly when carrying your props to indicate that you agree to our social contract.

## Peace Bonding

Peace bonding is the process of marking a prop so that it may be known to one and all that you agree to be responsible with it. At CONvergence, peace bonding is more about marking that a prop has been inspected and found to be in compliance with CONvergence Operations' safety procedures than an attempt to render the prop inert. Props must be peace bonded on The Bridge with materials provided by CONvergence Operations. Peace bonding does not carry over from year to year.

In some cases, special care must be taken when a prop is peace bonded:

- Metal bladed or pointed weapons must be secured into a sheath.
- Props normally capable of emitting projectiles or laser beams must be rendered unable to do so.
- Other instances, as determined by CONvergence Operations.

## Prohibited Items

The following are not permitted in convention spaces:

- Firearms, disabled or otherwise (A MN Permit to Carry is not an exception)
- Explosives/ pyrotechnics
- Tasers/ stun guns
- Pepper spray/ chemical irritants
- Any item deemed unsafe by CONvergence Operations

We allow the following types of props:

- Knives, swords, and daggers
- Bows
- Bats, clubs, mallets, and lightsabers
- Toy, replica, and model firearms
- Many other nifty props! This list is not comprehensive.

## Mobility Aids

CONvergence's props policy generally does not apply to mobility aids used for accessibility such as canes, crutches, walkers, and wheelchairs. Unless on the prohibited items list, such devices are explicitly allowed throughout convention spaces and require neither peace bonding nor The Talk. Attendees are welcome to bring their mobility aids to The Bridge to be inspected and receive The Talk and its associated badge ribbon if they would like to do so.

Exception: Sword canes must be peace bonded as if they were props.

## Tools

This policy is not intended to cover tools such as pocket knives, multi-tools, glue guns, nail clippers, and so on. Unless on the prohibited items list, such items are allowed, provided they are being used as tools. If such items are being carried as props, they fall under the props policy, and must be peace bonded accordingly.

## Wheels

It is not permitted to ride any manner of wheeled recreational transport device such as a bicycle, unicycle, roller skates or blades, skateboard, hoverboard, or motorized mini-vehicle in convention spaces. Strollers and wheeled mobility devices providing accessibility are permitted.

## Flying Things

Deployment of any flying object, be it tethered or free flying, powered or unpowered, is not permitted in convention

# CONVERGENCE ATTENDEE CONDUCT POLICIES

spaces unless advanced authorization is obtained from CONvergence Operations.

## Programming Exceptions to Props Policies

Peace bonding may be removed, and props drawn, wielded, or brandished when an attendee is participating in a CONvergence scheduled event at the discretion of the event organizer (such as the Masquerade or a stage combat demonstration). Props used in such a manner must be taken to The Bridge to be peace bonded once more before being again permitted in convention spaces. Programming is never an exception to the Prohibited Items list.

## Costumes/Clothing

All costumes must conform to the CONvergence Harassment Policy and Prohibited Representation Policy.

Any costume that gives the appearance of being a member of present-day United States military or law enforcement will not be permitted. Exception: Current or former US military personnel may wear their uniforms in a manner consistent with military regulations governing off-duty dress.

The following areas must be completely covered by opaque material:

- Genitals and pubic area
- Cleft of the buttocks
- Nipples and areolas of all attendees, regardless of gender presentation

Exception: Breastfeeding is never a violation of this policy.

## Alcohol & THC

- The legal age of consumption in the state of Minnesota is 21. No one under the legal age of consumption should be offered or provided with alcohol or THC. IDs should be verified before anything is shared.
- Tampering with food or drinks consumed by others will not be tolerated. Anyone found to have tampered with items consumed by others will be expelled from the convention and may face criminal charges.
- Intoxication, to the point of interfering with other attendees or becoming a hazard to yourself, will provoke responses from First Advisors and CONvergence Operations and may result in any of the sanctions discussed above.
- If you feel unsafe, regardless of your level of alcohol or THC consumption, please seek assistance. The safety of attendees is a primary concern of CONvergence. This applies even if you are not of legal age for the consumption of alcohol or THC.

## Smoking (Nicotine)

The Hyatt Regency Minneapolis is a non-smoking establishment, per state law.

Smokers are encouraged to take advantage of The Grove. The Grove provides easy access to seating, tables, ashtrays, and fellow fans.

Smoking is discouraged in other outdoor locations, as it may interfere with people uninvolved with CONvergence.

Smoking is prohibited:

- Inside the Hyatt
- Inside the skyway

Use of e-cigarettes and other vaping devices is restricted in the same manner as traditional cigarettes.

## Planned "Spontaneous" Group Activities (Flash Mobs, Performance Art, and so on)

Parades, moving performances, LARP-style games, and other mobile events are welcome at CONvergence. For the maximum enjoyment of all attendees, organizers and participants should avoid the following areas:

- Programming spaces (such as panel rooms or MainStage)
- High traffic areas (such as ConSuite or The Bridge)
- Room Parties, unless given permission by party hosts.

Please provide advance notice of your event to Operations and Programming. If running an event on the 6th floor (the Holodeck), please also contact Exhibits and Special Events. Events run without prior notification to Operations and Programming may be shut down without warning.

## Photography Policies

There is a lot to see at CONvergence and we know you'll want to snap pictures of the awesome cosplays and goings on around you. To ensure that all attendees have a good time, we've laid out some rules and guidelines to keep our event safe and fun.

### Photography by CONvergence Staff

CONvergence maintains a staff of volunteer photographers to create an official record of the convention. As a result of this important task, CONvergence Photography department volunteers operate under slightly different rules than general attendees. On-duty photographers associated with the CONvergence Photography department are the only people who may take photographs without the explicit consent of the subject. By registering for a CONvergence day or weekend pass, attendees give their consent to be photographed by the CONvergence Photography department. This consent may be suspended at any time on a case-by-case basis, even retroactively. If an attendee wishes to revoke consent for a particular photograph, they must contact CONvergence Photography and ERAC@convergence-con.org to address the situation. Official CONvergence Photographers may be easily identified by their official Photography badges listing the current convention year.

# CONVERGENCE ATTENDEE CONDUCT POLICIES

## Photography by Attendees

Attendees must ask permission before taking photographs of specific individuals. Consent may be revoked retroactively. If a subject wishes for a photograph in which they appear to be deleted, they may ask the photographer to do so, and the photographer must comply.

All pictures must be for personal or general public use such as social media, with the exception of private photoshoots as outlined below.

The use of photos, videos, or audio tapes made at CONvergence for commercial use or for the solicitation of funds for any commercial or other purpose without the express written permission of Convergence Events, Inc. is strictly prohibited.

Flash photography is not permitted during panels, programming, and MainStage events; please check with Masquerade personnel for scheduled pre- or post-Masquerade photo sessions.

## Crowd Photos

Prior consent is not required when taking photographs of large crowds (for example, overlooking the Hyatt lobby). Nor is prior consent required from people who appear incidentally in the background of an image, but who are not the primary subject of the photograph.

## Prohibited Photography

Please do not interfere with Operations, First Advisors, Emergency Medical Services, Police, or other official personnel when responding to an emergency situation. CONvergence reserves the right to ask photographers to delete any photographs or video of any such events if they would compromise the personal health information of those involved.

Attendees who are not official CONvergence photographers may not take photographs in CONvergence Convention Committee areas (those restricted to the Convention Committee members) and the following: Art Show, Art Auction, Print Shop, and Green Room.

## Private Photoshoots

Many people are interested in doing professional private photoshoots at CONvergence. We welcome you to do so under the following provisions:

- Pictures taken at CONvergence for professional use are prohibited unless a contract and release is received by the photographer from any and all subjects.
- Contracts and transactions must be negotiated and take place outside of CONvergence entirely.
- You may not block off, bar, or otherwise impede any use of the hotel by other patrons or hotel staff. For example,

you cannot set up a mermaid photoshoot and then prohibit other people from entering the pool during your photoshoot.

- You may not use the CONvergence Photo Booth or other CONvergence organization areas for private photoshoots.
- Photographers and all subjects MUST each have purchased a CONvergence day or weekend pass.

## Tape

You may post non-adhesive signs with low-tack tape. The Hyatt Regency specifies and requires use of low-tack blue painter's tape so that surfaces will not be damaged by tape removal. There are no specific brand or model requirements. Any low-tack blue tape is allowed. If you do not have acceptable blue tape, come to The Bridge. We have plenty and are happy to share. Neither the convention hotel nor CONvergence will tolerate the application of stickers or high-tack tape to hotel surfaces. Removal of these adhesive substances is damaging to the hotel, and is therefore considered to be unacceptable. Incidents of this kind will be treated as vandalism. Don't break the hotel.

## Poster Hanging Guidelines

Posters, signage, and flyers may be hung in CONvergence event spaces on floors 1, 2, 3, 4, 5, and 6, and in room party hallways on floors 3, 4, and 5.

Posters, signage, and flyers may not be hung in the following areas:

- The Hyatt front desk, Hyatt Marketplace, Fireside Lounge, the Prairie Kitchen & Bar, or from railings overlooking any of the above.
- In stairwells, escalators, elevators, or elevator doors.
- In the skyway bridge connecting the Hyatt with the Millennium Hotel, on storefronts, or in businesses co-located with the Hyatt, including Fedex, Vitali's Cafe, and Salon Blu.
- On glass surfaces, anywhere outdoors, The Grove, the Loring Greenway, or any parking ramp.

Methods:

- Low-tack blue painter's tape is the only allowed adhesive. Tape may not be attached to doors or door frames. Magnets are also a permitted method of attaching posters to any otherwise permitted surface.

Times:

- Attendees may not hang flyers, signage, or posters prior to 1:00pm on the Thursday of the convention.
- Official CONvergence departments may not hang flyers, signage, or posters prior to 6:00pm on the Wednesday of the convention for common areas on floors 1, 2, 4, and

# CONVERGENCE ATTENDEE CONDUCT POLICIES

5, or prior to Noon on the Thursday of the convention for common areas on floors 3 and 6, and parties hallways on floors 3, 4, and 5 unless given specific permission to do so.

- Posters must be removed no later than Noon on Sunday unless specific permission is given for a later time. Attendees who hang posters are expected to also remove them.

Questions:

If you have questions, please contact Hotel Relations. They may be found in Operations (Hyatt 2 Mirage), or may be contacted by e-mail at [hotel@convergence-con.org](mailto:hotel@convergence-con.org).

## Litter

Please pick up after yourself. There are trash containers around the hotel. It makes a big difference if we try to keep things clean. There are no magic fairies to clean up the convention spaces—just CONvergence volunteers.

## Volunteering

Volunteering for CONvergence can be a lot of fun and we value each and every one of our volunteers. But, as with everything else, there is always the administrative that needs to be documented. To that end, please understand that your volunteering for CONvergence is at-will and no one has the right to force or guilt you into it. We do sincerely encourage you to, and hope that you will, be proud of the time and effort you put in on behalf of CONvergence as it is an extremely valuable and highly appreciated gift you provide to our community.

By that same token, when volunteering for CONvergence, you are agreeing to release and hold harmless Convergence Events, Inc. from any and all liability, claims, demands, injuries, illness, death, or property damage resulting from your volunteering activities. Convergence Events, Inc. does not maintain health, medical, or disability insurance coverage for any volunteer or contractor and each volunteer and contractor is expected and encouraged to obtain their own medical and/or health insurance coverage.

## Guests & Invited Participants

While CONvergence financially and logistically supports Guests of Honor coming to our convention, CONvergence does not pay appearance fees for Guests of Honor or Invited Participants. The reasons for this are:

- As a nonprofit, we focus on using our funds to support our infrastructure and community.
- Our goal is to invite participants and guests who are excited to engage the convention community and spend time with our attendees, rather than only showing up for their scheduled events.

## Guests of Honor

Guests of Honor are professionals and qualified experts in many different fields who are invited as the convention's honored guests in a given year. Guests of Honor will be asked to participate in a minimum of six panels during the course of the convention. Guests of Honor are welcome and encouraged to participate in more than six panels should they wish to. Guests of Honor are also welcome and encouraged to participate in other events, such as attending any of our MainStage shows, enjoying our evening Parties, and spending time with our attendees in a more relaxed setting.

CONvergence will cover the following expenses for each Guest of Honor and that person's optional personal guest:

- Convention weekend pass for that year and all subsequent years
- All travel expenses to and from the convention
- Their entire hotel stay
- All dining (minus alcohol)

A convention staff member will be assigned for each Guest of Honor to act as a personal assistant, help navigate them through our process, and provide support during the convention itself. Guests of Honor are welcome to schedule signing times during the convention to sell merchandise and/or autographs. They may also offer items for sale at the convention's merchandise booth, and artist Guests of Honor will be guaranteed space to display and sell art in the CONvergence Art Show.

Guests of Honor will receive a personalized bio page on the CONvergence website and a feature in the CONvergence programming guide for the year of their CONvergence appearance. Guests of Honor are also welcome to publish press releases regarding their current work and their CONvergence appearance on CONvergence's website.

## Elevators, Escalators, and Moving from Floor to Floor

We depend on elevators and escalators throughout the convention, and it is in our best interest to keep them from breaking. Because of this, we have instituted the policies and procedures outlined below.

### Informational

There are two banks of elevators and one set of escalators. There is also one set of stairs open to floors with convention spaces.

- The Conference Elevators (two elevators near the escalators) serve convention spaces on floors 1–6.
- The Guest Elevators (five elevators near the front desk,

# CONVERGENCE ATTENDEE CONDUCT POLICIES

and in various locations on upper floors) serve guest rooms on all floors, with indirect access to convention spaces on floors 1–5.

- The Escalators (centrally located) serve convention spaces on floors 1–5.
- The open Stairwell (near the escalators and conference elevators) provides access to all floors. Note that other stairwells will provide egress to the ground floor but will not allow access to intermediary floors.

## Accessibility

Anyone with limited mobility who needs reliable access to elevators may visit the Accessibility Table to make arrangements.

## Escalators and Stairs

Please use either escalators or stairs to access levels 1–5.

Procedure: When boarding the escalators, please leave a gap of 1–2 steps between riders. Cosplayers or attendees with long articles of clothing should take care to avoid becoming entangled in the equipment. When exiting the escalators, step off promptly, and immediately move clear of the escalator exit area. Do not stop to talk or look around. Other passengers may be behind you.

## Elevators

When using elevators, please follow the instructions of the elevator operator.

Procedure: If the wait time for an elevator exceeds 15 minutes, please text CONvergence Operations at 651-800-1677 and indicate your floor and elevator bank. An elevator operator will be contacted to get an elevator to you as soon as possible.

## The 6th Floor

The 6th floor can only be reached via the Conference Elevators.

Procedure: To reach the 6th floor, please use escalators, stairs, or Guest Elevators to get to the 5th floor (or as high as able), and transfer to the Conference Elevators there.

When departing the 6th floor, please transfer from the Conference Elevators at the 5th floor (or as high as able). Use the escalators, stairs, or hotel tower elevators to complete your journey.

## Press Procedures

Please email [erac@convergenceevents.org](mailto:erac@convergenceevents.org) for press inquiries and interview requests at any time of the year.

## Press Tours and Interviews

We don't run conventions, we run the rest of the year! We run public outreach with our partners through Twin Cities Pride (Geeks@Pride), as well as help a bunch of local conventions put on the best show possible by providing expertise, equipment, movie licenses, volunteers, and promotion where we can.

We encourage creativity and interest in science with Project Lighthouse, the Annual Writing Contest and Space Camp scholarship (winners for both announced at CONvergence), and the GPS Arts Initiative. Look for us at your favorite convention. Stop in and say hi—we're probably there!

# VOLUNTEERS DEPARTMENT

## Hyatt 2 Greenway J

CONvergence is a volunteer-run event and couldn't exist without countless hours of work from hundreds of dedicated fans. Some people spend dozens of hours helping at CONvergence (and more throughout the year), others volunteer for as little as an hour. Each and every volunteer is valued. We appreciate any time you have to help! Many essential CONvergence functions are carried out by volunteers who are scheduled during CONvergence weekend. The Volunteers Department matches CONvergence attendees wanting to help out with work that needs doing.

The benefits of volunteering are numerous: meeting new folks, volunteering with friends, supporting and growing the community, and helping to make CONvergence better than ever. We show appreciation for our volunteers in a number of different ways. Every volunteer, from those that give one hour all the way up to our 30+ hour Uber Volunteers, are

needed to make CONvergence successful and are eligible for exclusive Thank You Gifts. A unique volunteer t-shirt, created specifically for volunteers, is awarded at fifteen hours. In addition, earned hours can be redeemed for other gifts. During CONvergence weekend, the Volunteers Department can be found on the Hyatt 2nd floor in the Greenway J room, which is near the escalators. The convenient location makes it easy to connect with us and learn about current volunteer needs. To talk with folks from the Volunteers Department, learn more about year-round volunteer opportunities, or to sign up for at-con shifts, come visit the Volunteers Department during the following times:

Wednesday	3:00pm–10:00pm
Thursday	9:00am–10:00pm
Friday	9:00am–8:00pm
Saturday	9:00am–8:00pm
Sunday	9:00am–5:00pm

While we have limited space for eating, we nonetheless look forward to providing tasty victuals to our CONvergence volunteers.

Some days it seems like the world isn't even worth taking over any more, but Connie Mark II (All Hail!) isn't about to stop! And even with all the planning that involves, Mark II still finds time to oversee ConSuite. In order to serve fans, ConSuite staff and volunteers have graciously been permitted to keep the Meat Babies supplied with snacks and drinks.

## ConSuite Snacks

Stop by for ConSuite staples such as: (individually wrapped) candies and chips, fruits, rice with toppings, PBJ, and soda (or pop). We're looking at other food items we can provide, so there will be other items as well, including some breakfast items put out in the morning. Stop by and find out what we have to offer!

Please be aware that ConSuite is not here to provide you with all the food and meals you'll need to survive the convention. Connie Mark II (All Hail!) strongly encourages you to visit the hotel restaurants, outside shops and restaurants, and this year—the Taste of Minnesota, for more substantial offerings.

We beckon aspiring sewists on a voyage from novice to virtuoso: mastering the fundamentals, crafting intricate designs, sculpting patterns, and delving into realms beyond.

# NERF HERDERS

Hyatt 2 Skyway A

## Who are Nerf Herders?

We help people get to where they want to go at CONvergence. Whether you're on your way to a panel, stopping in ConSuite for a snack, or finding your way to the parties, we'll help you on your way. We will be checking your badge to help keep folks moving safely through the space. Attendees who volunteer with us help everyone enjoy a smooth experience.

## What do Nerf Herders do?

The attendee badge lets attendees access CONvergence activities and amenities like MainStage events, free drinks and snacks from ConSuite, and many other privileges that a badge pays for. That's why we check every attendee badge when people are passing into CONvergence areas.

## Why do people volunteer for Nerf Herders?

To meet people! Nerf Herders are always saying hello to attendees like you as you're on the go. We like helping you feel positive about your time even if you're waiting for the next event.

To keep things running smoothly. We like solving problems, even when things get a little stressful. We try our best to communicate clearly so you can help us make everybody's experience better.

## Where can I find Nerf Herders?

We're always looking for volunteers. No prior experience is necessary for becoming a Nerf Herder, and you earn volunteer hours for the training you need. If you're interested in being a part of the Nerf Herders team, stop by Nerf Central (Hyatt 2 Skyway A).

## MISS SHANNAN PAUL

by Tim Wick

It was CONvergence 2023—last year for those of you who are keeping track—and I was walking through the hotel when I spotted Miss Shannan Paul sitting at a table. It made me smile because seeing her always makes me smile. She's just that kind of person.

I sat down and talked with her about... something. I don't remember. Who remembers what you talk about late at night during a convention weekend anyway? What I do remember is how I came away from that conversation thinking I should take any opportunity to sit down and talk with her. Doing so made my weekend better.

The best guests at our convention are the guests you feel like you can hang out with and talk about whatever your geeky heart loves. Shannan is one of those guests. She is one of us.

I'm going to tell you a secret about people who work in comedy. They love comic theory. Nothing makes comedians light up so much as talking about what makes things funny. Sometimes it gets in the way of writing jokes. That's never been a problem for Miss Shannan.

If you've watched her standup on MainStage, you know how funny she is. If you haven't watched her on MainStage, maybe you just don't like fun. And that's OK. If you don't like fun, Shannan is definitely not going to be for you.

If, however, you like fun, find Shannan this weekend because doing so will make your weekend better.

## THOM ADCOX-HERNANDEZ

By Cat Beltran

Thom Adcox-Hernandez dared to take a chance on life at the young age of only eighteen. He left his home of Detroit to travel to the vast unknown of Los Angeles to pursue his dream of being an entertainer, a dream that he achieved while exploring the nooks and crannies that one little word could hold.

He began as a dancer, and the analogy of needing to know how to move and adapt to the flow has guided him well throughout his life. Before long, he began to teach others his trade and a chance meeting with an agent led to touring the world. Touring the world led to appearing in music videos. Appearing in music videos led to his face becoming known on screen. Being known on screen led to the world of acting, a trade he spread to both on and off that screen and continues to do so today.

Icons became the name of the game, whether staring in them or acting beside them or becoming one himself. From the world of Falcon Crest to the literal other worldly creation of It Came from Outer Space II to the warped and horrific existence of Popcorn, he made his mark on screens large and small. He held his own alongside everyone from Martin Sheen to Bette Midler, from Steven Seagal to Heather Graham, and more. He took his chances and made his connections and made his mark in yet another world – that of the entertainment industry as a whole – in the process.

Some of his roles never even showed that now familiar face yet may well be his most memorable. He played the indelible Lexington in the hit animated series Gargoyles, a character that, much like Thom himself, was thrown into the unknown and chose to thrive in it. He didn't back down from the challenges he faced, but met them head on, learned from both his successes and failures, and took everything that this new life had to offer, technology and all.

Just like Lexington, Thom learned to embrace technology as well. He was the voice behind such fan favorites as Sammy in W.I.T.C.H., Milo in Sophia the First, Klarion in Young Justice, and even the titular role of Felix in The Twisted Tales of Felix the Cat. Those are just a handful of his appearances atop the literally thousands of television and radio commercials he added to his resume. Basically, as soon as this man opens his mouth, you will feel the draw of a connection to your comfort shows and characters, past, present (especially if your kids are of a certain age, or maybe you, no judging!), and future.

Thom does not just make an impact through the roles he has played and continues to play, but in real life as well. An avid animal rescue advocate and animal rights activist, he continues to use his voice for our fuzzy and feathered friends that can't quite be heard on their own.

With everything he has done already, there's no telling what the future may hold. The only thing we know for certain, is that he will continue to move and to adapt and to hopefully enjoy the great dance that is life.

*"We can't hide from the whole world up here. There are kindred spirits out there for us, but we've gotta look for them, and we've gotta give them a chance, or else we'll always be alone."* ~

**Lexington from Gargoyles**

## CARLOS HERNANDEZ

By Cat Beltran

Carlos Hernandez has fixed the universe. Okay, so the characters he created did and, if you want to dwell on little details, they kind of broke it first. But it is fixed! Mostly! Any remaining bits and bobs that you may see out of the corners of your eyes are tiny and inconsequential and, really, you do not need to pay that much attention to them.

The characters in question are Sal Vidon and Gabi Reál, a young magician who may be a bit of a troublemaker in the eyes of certain people of authority and the student council president who notices everything including the source of that trouble respectively. The unlikely duo maybe, possibly, begin an adventure that maybe, possibly, spans multiple universal dimensions and risks the structure that holds it all together. The story is full of humor and drama and the struggles of finding yourself in far more than a single world of the unknown.

The Sal and Gabi series, which includes both Sal and Gabi Break the Universe and Sal and Gabi Fix the Universe, also delves into Cuban mythology, adding another layer into the struggle to find yourself physically, mentally, and spiritually. This is not the only time he has dug into this subject matter.

Outside of dramas and poetry, he is also the author of *The Assimilated Cuban's Guide to Quantum Santeria*, a collection of short stories about those who seem to fit in with the expected norm but are still trying to reclaim their self-sovereignty, including the more supernatural aspects that go hand-in-hand with where we came from and speak to the true soul that lies within.

Carlos Hernandez has a Ph.D. in English with an emphasis in Creative Writing and is a Professor of English at the City University of New York (CUNY). He doesn't just create these amazing universes for us to explore, but teaches and guides others to do the same. That tiny spark that can create a wildfire of a story is so very reminiscent of that tiny flickering light of a person's true self that may be hidden behind expectations but can be nurtured to light far more than a single existence.

But, like any good story, there is more to Carlos Hernandez than just the amazing words he puts on a page. He also teaches in the Interactive Technology and Pedagogy Program with a focus on game-based learning in postsecondary education. This has translated to writing and designing a multitude of games including *Mary Miss*, the CRPG *Meriwether*, and *Dear Reader* with Apple Arcade. He is also the cofounder of the CUNY Games Network and the Board Games Designers Group of New York, which creates both board and card games and ranges from the educational to the commercial. Games are an amazingly adaptive way for people to learn strategy and reasoning skills, organizational regimes, and often connect them with their own inner creativity all while granting that little bit of escapism that everyone may crave.

There is, of course, even more still to come from this amazing author and creator. A new roleplaying game of *Negocios Infernals* is in the works with his wife and fellow fantastic creative, C.S.E. Clooney atop other exciting works yet to be announced. After all, the universe is infinite and wild and sometimes there's even more than one of them. The paths diverge and converge and you are going to need that little spark of light from within to hold up to that unknown to guide the way.

## GREG WEISMAN

By Kyle B. Dekker

Greg Weisman is an Emmy Nominated writer, producer, story editor, director, and voice actor. He returns to CONvergence: Everyone's Invited for his seventh time as a Guest of Honor! Convergence is the official location for the 30th Anniversary of the beloved television series Gargoyles - created by Greg and his team for Disney Animation Studios.

Gargoyles debuted on October 24, 1994 and Greg served as the Supervising Producer and Supervising Story Editor for the first 66 episodes of the series. The show captured audiences then and today as a darker, more serious action cartoon from Disney Animation Studios. The show stands out as a uniquely creative concept blending sword and sorcery and science fiction elements alongside stories and characters inspired by mythology and Shakespeare. The show grappled with more modern and serious topics than typically seen in children's television such as gun violence, police corruption, the function of the justice system, and the unity of groups of oppressed people uniting to fight for equality, safety and justice. The show's enduring loyal fandom of kids and adults alike are a testament that this mature approach to storytelling in a kids show still resonates with audiences old and new alike.

Outside of Gargoyles There's a good chance if you've watched an animated series, or read a comic book in the last 30 years Greg has had at least a hand in writing an episode or issue and helping to bring it to screen.

To assure this isn't hyperbole please avail yourself to just some of the writing credits Greg has to his name. In TV his credits include: Men In Black, Disney's Hercules, Big Guy & Rusty the Boy Robot, Buzz Lightyear of Star Command, The Mummy, Kim Possible, The Batman, Alien Racers, Ben Ten, Bionicle: Mask of Light, Legion of Super Heroes, Batman: The Brave and the Bold, RescueBots, Kaijudo, Octonauts, Beware the Batman, Transformers Prime, Teenage Mutant Ninja Turtles, Shimmer and Shine, Transformers EarthSpark and Roughnecks: The Starship Troopers Chronicles, among others.

In the world of comics, Greg's stories and credits have graced the pages of Marvel, DC, SLG Publishing, and Dynamite Comics. Including but not limited to; The Spectacular Spider-Men, Gargoyles Quest, Gargoyles: The Dark Ages, Gargoyles, Young Justice, Young Justice: Targets and Captain Atom along with many others. Notably his first issue of Gargoyles for Dynamite is their best selling issue ever.

Other novels include World of Warcraft: Traveler, World of Warcraft: Traveler: The Spiral Path, Magic the Gathering: War of the Spark: Ravnica and Magic the Gathering: War of the Park: Forsaken.

Early in 2024 a Kickstarter to reprint the original Gargoyles comics featuring stories by Greg from Dynamite hit its crowdfunding goal in the first day and reached a funding total of \$925,001 of their \$50,000 goal demonstrating the long time fan adoration for the Gargoyles. CONvergence is thrilled to be the home of the 30th Anniversary of one of the most popular and iconic animated TV series of the 90's.

## BRIGITTE BAKO

By Stephanie Cranford

Brigitte Bako is an actress turned writer turned showrunner, and she has no idea how it happened.

If her life was a movie, the inciting incident might have been the time she set her Columbia dorm room on fire making a cup of soup. Rather than continue school, she moved downtown, began auditioning, and within a year and a half, her career had taken off. Three minutes on screen in *New York Stories*, and she got not only her green card but the reputation of working with Martin Scorsese . . . but at the expense of being bitten by his wife's dog.

Or perhaps the inciting incident was her birth, to parents who survived the Holocaust and decided to live the best life possible after that. They traveled, they loved, they lived, and they instilled in her a particular joie de vivre that has not only inspired her own career, but inspired a short film that she produced. *David and Goliath*, shortlisted for the Academy Awards, is about a German Shepherd saving her father's life while he was in the Underground during World War II.

If all of that sounded cinematic, it is, and so has been her career. As a member of the Groundlings, Brigitte came up through the New York comedy scene, but found herself pigeonholed into the ingenue roles—*Red Shoe Diaries*, *One Good Cop*, *Strange Days*, and others. She worked with some of the most lauded directors in film, including Bigelow and the aforementioned Scorsese, and she moved into television in the late 1990s, including voicing Angela on *Gargoyles*. Eventually finding herself on the set of an HBO comedy (*Mind of the Married Man*) in a very un-funny role, she looked around and said, "I could do so much better." That experience turned into *G-Spot*, her acclaimed multi-season comedy, aired on The Movie Network (now Crave) and Showtime originally and then HBO Canada and HULU. She's also done live theater, including Shakespeare and Ibsen, and she's been up for awards both domestically (that is, in Canada) and abroad.

Recently she has turned her energy towards writing and producing. In her works-in-progress bin are a handful of semi-autobiographical stories, including one about her neighbors, whose 1969 VW fell down her back hill into her bedroom, and one about an alternate version of her childhood. She's also planning to write a memoir, the title of which you'll have to ask her about in person. On the production side of things, she is helping to bring Gael Greene's memoir *Insatiable: Tales from a Life of Delicious Excess*, to the screen.

So how did she move from acting to writing and then producing? Honestly, if I had to guess, it sounds a little bit like spite. One too many times playing a crying wife, the object of cheating, caused her to ask herself if she couldn't do better, and it turned out she could. Of course, spite is only a fuel: she also needed talent, drive, opportunity, and luck, and it's very clear that Brigitte has all of those in spades. She sparkles on screen, in writing, and in interviews, and we're so lucky to have her with us this year.

## SUSANNA MALAK

By Chelsea Kane

Susanna Malak is a powerhouse in costumes and prosthetics. A self-declared “big mouth” who likes to have fun, she makes her presence known and in a short time has left an indelible mark on the Star Wars saga. If you’ve been following the series releases on Disney+, you’ve definitely seen her work.

She has portrayed Thodobin, a member of The Lucky Three, in the very first episode of *The Mandalorian*, as well as one of the Melitto, a species of insect-like humanoids, in the episode “Chapter 21: The Pirate”. She also played Gas Mask in *The Book of Boba Fett*, but she might be best known for her roles playing one of the infamous Jawas in numerous episodes of both series. And not to be missed is her role as Keteerian in *Ashoka*.

Despite her impressive resume in the Star Wars franchise, she didn’t come to it as a super fan. She did watch the original trilogy as a kid and found a favorite character in General Leia Organa, but Susanna took an unconventional journey to becoming a fan, by first joining the cast of *The Mandalorian*. She says what finally drew her in was that no matter a character’s role in Star Wars, they always have a significant part to play in the story that’s being told. Even background

characters like Jawas can change the course of the main characters’ fates.

Her behind-the-scenes anecdotes give us a small window into the process of bringing her characters to life. From the rigors of makeup and prosthetic fittings to enduring the elements filming on location, she approaches each day on set with humility and humor. Portraying a Jawa presented unique challenges as the goggles behind the mask that were meant to help her see were prone to fogging. Despite the challenges, she persevered bringing depth and authenticity to her characters.

Beyond her myriad roles in the Star Wars universe, Susanna demonstrates her versatility as an actress by exploring roles in diverse genres from comedy to horror. Susanna can be found playing multiple characters on the *Alien Danger* series and appeared in *The Prank Panel* alongside Johnny Knoxville, in what he called one of his favorite pranks on the show. She also appeared in *Mad TV* and the horror comedy *From Dusk Till Bong*. More recently, you may have heard her voice in *It Wants Blood 2* as Rhonda, and she will also be in the upcoming *The WereTiger Queen* voicing the Voodoo Loca.

Through it all she manages to remain refreshingly down-to-earth, her infectious laughter ringing through every interview. Her hope is to stay humble and approachable to fans. If you see her on the street or around the convention, she’d love to say hi.

Whatever your journey to becoming a Susanna super fan, underneath the costumes and makeup, it’s clear this actress is an immense talent with a larger than life personality. Given her rising stature in the industry, her resilient spirit and propensity for seeking diverse roles, there’s no limit to where she’ll go next.

# GUESTS OF HONOR

## ZEHRA FAZAL

By Jen Anderson

Zehra Fazal's star has been rising steadily over the last 15 years and shows no sign of stopping any time soon. She was born in Illinois in the 1980s. Her youth was marked by a keen interest in animation. She has often credited an early love of cartoons like Darkwing Duck and Gargoyles for her interest in the industry. In fact, when Fazal enrolled in Wellesley College it was with the intention of pursuing an education that might land her a career in animation, but she found her attention being pulled towards the theater department. It was there that she discovered a talent for a different kind of storytelling.

Fazal's early work was heavily influenced by her upbringing and her background, what she termed a "hyphenated identity." She spent several years performing her one-woman show titled "Headscarf and the Angry Bitch" across parts of the US and Canada. The show, which she wrote, allowed her to explore and share her perspective as a Muslim woman in a post-9/11 world. It touched on many sensitive topics like sex, homosexuality, and women's health, all while using humor and song parodies to both connect with and challenge her audiences.

Following her stage work, Fazal began to work as a voice actress. She landed roles in titles such as Uncharted 4, Titanfall 2 and Final Fantasy, as well as Apex Legends. Gamers may also recognize her voice as League of Legends

champion Kayle, the winged protector and counterpart to her twin sister Morgana.

In the last several years she has also had great success voicing characters in video games for both Marvel and DC franchises. In 2022 alone she voiced both Jane Foster/The Mighty Thor in Marvel's Avengers, as well as having a role in Gotham Knights. This year Fazal can be heard as Wonder Woman in Suicide Squad: Kill the Justice League.

Zehra Fazal also has done extensive work in animated shows and movies. She has lent her voice to many series such as She-Ra and the Princesses of Power, Amphibia, Dragon Age: Absolution, Bojack Horseman, and Voltron: Legendary Defender. In addition to these shows, Fazal voiced nearly a dozen characters on the 2019-2022 run of Young Justice. Foremost among these voices is Halo, a character [fellow Guest of Honor and series co-creator] Greg Weisman has said many times that he wrote with Fazal in mind.

Another role that Fazal has become known for playing is Talia al Ghul, a character she voiced in both Batman: Death in the Family and Catwoman: Hunted. She has stated in interviews that this role was especially exciting because Talia is a character who has had many different incarnations across media. Being able to take this role on not once but twice allowed her to put her own twist on this iconic character.

As if all of this was not enough nerd credit for Fazal, in 2023 she dipped her toes into yet another arena, appearing in the second chapter of Critical Role's new series Candela Obscura. Helping to shine a light on the new game system published by Darrington Press, Fazal jumped in with both feet, playing Dr. Jinnah Basar in the 3 episode arc of The Circle of Needle and Thread. Lending her perspective as a Muslim woman once more, this time in a dark fantasy world, it was both new, and yet the same passionate and intelligent voice fans have loved for well over a decade.

From stage, to screen, to the roleplaying table, Zehra Fazal seems to have done it all in a relatively short period of time. Across all of these roles she stays true to herself, and brings her unique voice to every character she lays her hands on. Even were it not for her enormous talent, her excitement and love of animation as well as worlds spanning science fiction and fantasy, make it easy to be drawn in by her. We're more than thrilled to welcome her to CONvergence 2024.

## Costume Wars

Costume Wars is a timed event in which teams of two are provided with a sack of unknown and somewhat random materials. Teams are then expected to make a wonderful costume in just one hour. Entries will be judged, and the top three will be awarded trophies. Everyone will get accolades and applause!

Each team will consist of two persons, with an optional third, non-costume-making person to act as a model/dressmaker's dummy only. The third person cannot help build the costume, but can and should be dressed in the newly created attire and is expected to show it off. A third person is not required, but if no third person is present, one or both of the two builders will need to wear the creation.

Costume Wars takes place on the Friday of the convention in the Holodeck (Hyatt 6 Gym). See the CONvergence schedule for the start time.

## Participate in Costume Wars

To participate in Costume Wars, you must register before 1:00pm on the Friday of the convention at the Masquerade Registration Table. The number of participating teams in Costume Wars is strictly limited to 25, so register early to guarantee your team a spot. If we have interest from more than 25 teams, we will take a waiting list.

## Costume Wars Registration at the Masquerade Registration Table

Registration for Costume Wars will take place at the Masquerade Registration Table located just outside of the CONvergence MainStage (Hyatt 1 Nicollet Ballroom). The hours for Costume Wars registration at the Masquerade Registration Table are:

Thursday	3:00pm–6:00pm
Friday	10:00am–1:00pm

# MASQUERADE

## **Hall Costume Contest**

Hall Costumes are costumes worn just for fun while attending the convention, often for long spans of time. They vary in scope and craftsmanship, from lifelike recreations of characters, to costumes bought off the rack at Halloween, and pretty much everything in between. There is no right or wrong when it comes to hall costumes! This type of costuming is a large part of the CONvergence atmosphere, from the person who just threw together a costume in the last days before con, to the project started right after the last year's convention.

### **Participate in the Hall Costume Contest**

The CONvergence Hall Costume Contest runs Thursday through Saturday. Winners will be selected by a group of volunteer judges late Saturday night and winners are announced on Sunday at Closing Ceremony (winners will also be contacted directly by the Masquerade staff).

### **Hall Costume Contest Registration**

To enter, follow these simple steps:

1. Make your way to the Hall Contest banner on the Nicollet Promenade outside of Mainstage (Hyatt 1 Nicollet Ballroom).
  - Read the Hall Contest Rules and Photo Release Policy (linked from the Hall Costume Contest web page or available at the Masquerade Registration table or the Hall Contest banner outside of Mainstage).
  - Take your picture in front of the Hall contest backdrop.
  - All images and content submitted must be family friendly, and must conform to both the CONvergence Costume/Clothing policy and the laws of the City of Minneapolis, so keep your posts PG-13.

  - A QR code and a direct link to access the form will be posted by the Hall Contest banner and at the Masquerade Registration Table outside of Mainstage (Hyatt 1 Nicollet Ballroom).
3. Only one entry is allowed per person over the course of the weekend. Make sure you know which costume you want to submit!

# PARTIES

## What's a Room Party?

Room Parties are a small part of what makes CONvergence such a nerdy affair. Room parties are held on the 3rd, 4th, and 5th floors and are open almost around the clock: from relaxed daytime hours to dance parties all night long. Party themes vary and there's guaranteed to be something that'll strike your fancy. Parties are like a convention within a convention, are run by volunteers, and can include snacks, drinks, fun activities, and even programming! Check out each party's open hours. If the door is open, everyone is welcome! (Age restrictions may apply.)

Curious about the room parties' ever-changing and impromptu events? Scan here for a link to the parties' special events guide. Make sure to check back often, as the document will update periodically with new and changing events going on around the parties.

## Guided Tour Through the Party Floors!

Still a little shy about how it all works? On Thursday at 8:30pm, embark on a guided tour of the party floors. Meet us by the 3rd floor escalators and our knowledgeable tour guides will show you the ropes of what parties have to offer, share proper party etiquette, and even answer questions if you are feeling inspired to host your own party next year!

## Want to Host a Party in 2025 But Not Sure Where to Start?

The Parties Department is here to answer questions! We love hearing your ideas and helping you along the way, so feel free to stop by Parties Headquarters in Hyatt 4 Room 418 and talk to the Parties Department staff.

Party applications go live in November, so keep an eye on the website and social media for updates. You are always welcome to contact us throughout the year at [parties@convergence-con.org](mailto:parties@convergence-con.org)!

Connie's Quantum Sandbox sometimes features activities that have food products as part of the activity. While these ingredients may technically be food, once they are in Sandbox inventory, they are no longer safe for eating, as they are used as craft or chemistry supplies. **DO NOT** eat any food included with any Sandbox activity! Some of these food products may contain peanuts or other tree nut products, gluten, lactose, or other ingredients that can trigger contact food allergies. As with all Sandbox supplies, we make every effort to keep food inventory isolated while it is not in use, but we encourage attendees to be safe and as cautious as necessary. # CINEMA REX

## Hyatt 5 Lake Superior

Cinema Rex is thrilled to be back in 2024, and this year everyone is invited to their favorite comfy couch. Film is truly made perfect by the unique experiences reflected by the diversity of voices telling their stories. We're featuring movies from around the world, reflecting different languages and cultures, different eras, different abilities, different races, different genders, different religions, and different sexual orientations, but each one is beloved. Most of the films on our list this year came to us by attendee recommendation, through our comment cards, via email, or by participating in a social media discussion, and we would encourage you to join the discussion this year! Swing by our room to fill out a comment card to let us know more of what you'd like to see in the future. While we've attempted to include some specific and applicable content warnings, guests should use their discretion as many of the films contain content of a sensitive nature.

We're excited to watch movies across languages and genres in 2024, including a Keith David Double Feature on Thursday night (that'd be NOPE and They Live). We've got another double feature later in the weekend with stellar performances from John Boyega on Saturday night. Fans of Jordan Peele can enjoy his directorial work and his voice acting work, and actress Teyonah Parris makes a couple of appearances, too. We've also got *Bride of Frankenstein* and a spiritual sequel, of sorts, with *Gods and Monsters*. Maybe we overdid the double features? Or maybe we're just getting started!

We're glad to welcome back some of your CONvergence favorites, including Reverend Matt on Friday afternoon with a performance on Guillermo del Toro's films, including *The Shape of Water* and many more, and the return of the live riff on Saturday afternoon with Nick Glover, Duck Washington, and Molly Glover where they'll be watching *The Last Dragon* and joking along.

We'll be serving freshly popped popcorn all weekend, along with movie theater candy favorites and a variety of delish sodas. We've got a room full of comfy couches, throw pillows, and volunteers who just plain old love watching movies, so please make yourself at home—just don't get too comfortable! We cannot allow attendees to sleep on our couches. We know, it can be tempting. Please hold conversations out in the lobby or in between films. And if you'd like subtitles for any movie that doesn't already include them, just ask at the concession stand! We look forward to welcoming you.

## THURSDAY

### 3:30pm **Shang-Chi and the Legend of the Ten Rings**

PG-13—2021—132 min

*Dir. Destin Daniel Cretton w/ Simu Liu, Awkwafina, Tony Leung*

Shang-Chi and the Legend of the Ten Rings has it all: Michelle Yeoh, magic jewelry, a bus getting cut in half, Michelle Yeoh, romance, martial arts, Michelle Yeoh. This installment to the MCU has some of the strongest fight choreography of any of the films. Stan Lee's original plan for this IP was to feature Brandon Lee in a film or television series in the 90's, but Simu Liu's depiction helped jumpstart Marvel's long-anticipated Phase 4.

### 6:00pm **Hidden Figures**

PG—2016—127 min

*Dir. Theodore Melfi w/ Taraji P. Henson, Octavia Spencer, Janelle Monáe*

First we went to space. Then we went to the moon. Next we're going to Mars. But what does all this have in common with diversity? It's that our country's entire space program would not have been possible without the female African-American mathematicians depicted in this biopic about NASA in the 1960's. Elon needs to thank a sister for SpaceX and then log off.

### 8:30pm **A Quiet Place**

R—2018—90 min

*Dir. John Krasinski w/ Emily Blunt, John Krasinski, Millicent Simmons*

In a unique take on a sci-fi horror movie, a family must live in silence and communicate only in ASL to avoid being detected by noise-sensitive aliens. Director Krasinski had the good sense to cast a deaf actress in the role of his deaf daughter, Regan, so that he could learn from her. In fact, it was Millicent that convinced him to use ASL instead of dialogue, citing "her gestures were much more cinematic than words could have ever been."

### 10:00pm **They Live**

R—1988—94 min

*Dir. John Carpenter w/ Roddy Piper, Keith David, Meg Foster*

Featuring Guest of Honor Keith David and notable professional wrestler "Rowdy" Roddy Piper, *They Live* highlights economic inequity and the violence of an authoritarian government in the Reagan era with all the subtlety of a sledgehammer. Director John Carpenter made a point of hiring homeless people into the production, paying them fair wages and filming in actual encampments, as a way of highlighting the conditions his protagonist was living in and grounding the film in reality.

## Midnight

### NOPE

R—2022—130 min

*Dir. Jordan Peele w/ Daniel Kaluuya, Keke Palmer, Steven Yeun*

It's a Keith David Double Feature! Jordan Peele's sixth feature film asks whether we should try to tame wild beasts, along with giving a nod to the origins of early motion pictures—something we love here in Cinema Rex. Part creature feature, part sci-fi thriller, this flick has a bit of Peele's signature comedy mixed in to boot. NOPE is strikingly beautiful, scary, and somehow even poignant.

## FRIDAY

### 10:00am

### Lilo & Stitch

PG—2002—85 min

*Dirs. Chris Sanders, Dean DeBlois w/ Daveigh Chase, Tia Carrere, Chris Sanders*

Hands down the best movie about an animated alien turned theme park ride, Lilo & Stitch is set in the tropical Hawaiian islands. A neurodivergent orphaned girl adopts a "dog" to be her friend without knowing that it's an escaped genetic experiment hellbent on chaos and destruction. This film shows us that with friends and family we all can be a little less likely to destroy the planet.

### 11:30am

### Nimona

PG—2023—101 min

*Dirs. Nick Bruno, Troy Quane w/ Chloë Grace Moretz, Riz Ahmed, Eugene Lee Yang*

What? An LGBTQ+ animated family film? In this day and age? You bet your shape-shifting butt there is. As Sir Ballister's self-professed sidekick, Nimona kicks you in the face with knowing who she is and is not afraid to show it. Will the outcasts get the citizens to accept them as they are or will the conservative Director succeed in slaying the supposed Great Black Monster that everyone has portrayed Nimona to be? Will Ballister make amends with his love Sir Ambrosius? Will Rex stop asking questions in the bios (probably not)? Come watch this action packed flick and find out.

### 1:00pm

### Life of Pi

PG—2012—127 min

*Dir. Ang Lee w/ Suraj Sharma, Irrfan Khan, Gautam Belur*

Nominated for 11 Academy Awards, this fantasy tale follows the adventures of Pi, a polytheistic boy whose family's boat capsizes on its way to Canada with the remains of their zoo. As the only survivors, Pi and a Bengal tiger he names Richard Parker must learn to live together to survive. While the story itself is compelling, the true beauty is in the breathtaking visual effects. Content Warning: animals die onscreen.

### 3:00pm

### To Wong Foo, Thanks for Everything! Julie Newmar

PG-13—1995—109 min

*Dir. Beeban Kidrom w/ Wesley Snipes, Patrick Swayze, John Leguizamo*

When state legislatures across the country are taking principled stands against something as innocuous as drag queens reading storybooks to children, a movie like To Wong Foo, Thanks for Everything! Julie Newmar suddenly becomes political again 30 years after it was made. While Snipes, Swayze, and Leguizamo themselves were not notable drag queens, and indeed were all cisgender, heterosexual men, their depictions alongside a dozen established drag performers remind us that it's in the public's interest that the historic art of drag is here to stay. Swayze improvised his 30-minute monologue to Steven Spielberg, a contender to direct, based on his own experiences as a child bullied for being in ballet. Content Warning: there is onscreen domestic violence against a woman; antiquated views and representations of gender and sexuality.

### 5:00pm

### Reverend Matt's Monster Science

NR—60 min

*Matthew Kessen*

Reverend Matt returns to Cinema Rex with his signature brand of educational entertainment to discuss The Shape of Water and other films by acclaimed Mexican filmmaker Guillermo del Toro.

### 6:00pm

### The Shape of Water

R—2017—123 min

*Dir. Guillermo del Toro w/ Sally Hawkins, Octavia Spencer, Michael Shannon*

In the height of the Cold War at a top secret research facility, a sea monster lives in a tank and makes us all sort of wonder if we would also fall in love with those deep, dreamy eyes. Master storyteller Guillermo del Toro's Oscar nominated film follows a janitor in the throes of perhaps one of the most uniquely human experiences of loneliness and teaches us about love, captivity, and transcending the great distance of the unspoken. And we're all in agreement, right? We all would fall in love with him. Content Warning: a character is shown using pills throughout the film; an animal dies onscreen; sexual assault is shown onscreen.

# CINEMA REX

8:00pm

## Baahubali 2: The Conclusion

NR—2017—167 min

*Dir. S. S. Rajamouli w/ Prabhas, Rana Daggubati, Anushka Shetty*

Just as the name implies, this is the Tollywood-produced conclusion to the blockbuster film shown last year in Cinema Rex. A continuation of the saga of Mahendra Baahubali as he avenges his father's murder and reclaims his kingdom. Find a comfortable seat: now with even more action and dancing!

11:00pm

## Prey

R—2022—100 min

*Dir. Dan Trachtenberg w/ Amber Midthunder, Dakota Beavers, Dane DiLiegro*

Shot in both English and Comanche, Prey is the prequel to the Predator films that we didn't know we wanted but we definitely needed. The visuals, music, and pacing of the film give an almost artistic feel to what could otherwise be marketed as a popcorn flick, and the underdog story of a heroine taking on a hunter's mantle to face an unwelcome intruder is made all the more gratifying when viewed through the pre-colonial lens of an Indigenous Tribe. Content Warning: animals die onscreen.

1:00am

## Train to Busan

NR—2016—118 min

*Dir. Yeon Sang-ho w/ Gong Yoo, Jung Yu-mi, Ma Dong-seok*

So much more than a zombie movie, Train to Busan explores the notion of selfishness versus selflessness, the individual versus the collective, and what to do when there are fast zombies on an even faster train. Regarded by many as the best zombie film of all time, this film takes a close examination of its characters in a remarkably intimate setting, providing commentary on class and the disparity between the haves and the have-nots. Content Warning: lots of gore.

## SATURDAY

10:00am

## Encanto

PG—2021—102 min

*Dirs. Jared Bush, Byron Howard, Charise Castro Smith w/ Stephanie Beatriz, María Cecilia Botero, John Leguizamo*

Encanto unfolds in a vibrant, magical version of Colombia, centering on the Madrigal family, each endowed with special gifts ranging from super strength to healing powers. The film explores the themes of family, acceptance, and the beauty of being unique through Mirabel, the only Madrigal without an apparent gift. This enchanting tale celebrates diversity, inclusivity, and the importance of embracing one's true self.

Noon

## Wendall & Wild

PG—2022—105 min

*Dir. Henry Selick w/ Lyric Ross, Jordan Peele, Keegan-Michael Key*

Wendall & Wild is an animated dark fantasy that weaves a tale of two demon brothers, Wendell and Wild, who enlist the help of Kat, a teen with a troubled past, to summon them to the Land of the Living. As they navigate their worlds, the film delves into themes of redemption, the complexities of family, and confronting personal demons. Its rich narrative celebrates diversity and resilience, embodying the spirit of inclusivity and the strength found in unity and understanding

2:00pm

## The Last Dragon (Riff)

PG-13—1985—109 min

*Dir. Michael Schultz w/ Taimak, Vanity, Christopher Murney*  
Featuring Duck Washington, Molly Glover, Nick Glover

The Last Dragon serves as a vibrant homage to the 1980's, encapsulating the era's unique blend of martial arts fervor, neon-drenched aesthetics, and a pulsating soundtrack. This cult classic follows Leroy Green, a martial artist on a quest to become the ultimate master and find "The Glow," navigating a world filled with eccentric characters and villains. And back by popular demand, this timeslot will include a Riff, with some of your CONvergence faves keeping commentary with jokes and observations over the film's audio. It's like watching a movie with your funniest friends. Note: Comedian content is not moderated or censored, audience discretion is advised.

4:00pm

## Beyond the Infinite Two Minutes

NR—2020—70 min

*Dir. Junta Yamaguchi w/ Kazunari Tosa, Riko Fujitani, Gôta Ishida*

Cinema Rex loves finding wonderfully creative and obscure movies to show, and this is no exception. Ostensibly filmed in a single continuous shot with a Tamagotchi-sized camera strapped to a smartphone, Beyond the Infinite Two Minutes asks: "In a world of Zoom calls, what if the face staring back at us is a version of ourselves two minutes in the future?" Will we be able to affect our future self? Come back in two minutes and find out.

5:30pm

## Bride of Frankenstein

R—1935—75 min

*Dir. James Whale w/ Boris Karloff, Elsa Lanchester, Colin Clive*

A woman? In a movie? In 1935, this was moderately groundbreaking. Elsa Lanchester is an actress whose performances are eternal, often feeling like they could have been filmed in any decade. Long touted a queer-coded classic, the movie itself was subject to the censorship that

was rampant as a result of the Hays code, forcing script revisions that rendered the film much more toothless than its writers and director intended.

## 7:00pm **Gods and Monsters**

R—1998—105 min

*Dir. Bill Condon w/ Ian McKellen, Brendan Fraser, Lynn Redgrave*

The Renaissance is upon us, but we can still enjoy the classics. *Gods and Monsters* delves into the twilight years of James Whale, the visionary director behind classics like *Frankenstein*. This introspective film explores Whale's complex relationships and the shadows of his past, blending reality with the fantastical elements of his cinematic creations. It's a poignant narrative that offers insight into the creative mind's struggles and triumphs, serving as a compelling addition to the convention's lineup for its deep dive into the life of a man who shaped the horror and science fiction genres.

## 9:00pm **Trailer Park**

Moved later in the weekend by popular request! Stop by our concession stand for popcorn and candy and grab a seat on one of the couches to check out trailers for upcoming films and other fun stuff. Content warning: horror film previews may be included.

## 10:00pm **Attack the Block**

R—2011—98 min

*Dir. Joe Cornish w/ John Boyega, Jodie Whittaker, Alex Esmail*

Long before he was Finn in *Star Wars: The Force Awakens*, John Boyega's first feature length film has him playing a low-level gang leader who inadvertently has to fight off aliens when they attack his project on Guy Fawkes Night. Using street smarts and a home-turf advantage, these hoodlums—along with a plucky nurse—show the alien invaders that you do not mess with Cockneys. Notably, all the gang members were cast out of local council high school drama classes. Content Warning: a dog dies offscreen.

## 11:30pm **They Cloned Tyrone**

R—2023—122 min

*Dir. Juel Taylor w/ John Boyega, Jamie Foxx, Teyonah Parris*

It's a John Boyega Double Feature! Showing his versatility (and a strong American accent, too), Boyega's back to prove that one does not mess with his neighborhood on either side of the pond. With notable performances by Jamie Foxx and Teyonah Parris (catch her in *The Marvels* on Sunday, too), this provocative conspiracy-theory-meets-social-commentary flick holds a mirror to our society in both hilarious and harrowing ways.

## SUNDAY

10:00am

### **Turning Red**

PG—2022—100 min

*Dir. Domee Shi w/ Rosalie Chiang, Sandra Oh, Ava Morse*

Break out your Kotex U for this period-metaphor flick. Don't worry, it's not gross—there's really nothing gross about menstruation, anyway—but it does deal with a pubescent Chinese-Canadian girl going through her "change." Except that her change comes in the form of becoming a giant red panda every time she gets too emotional. Which people everywhere would probably prefer over cramps. Fun fact: *Turning Red* is the first Pixar feature film directed solely by a woman.

Noon

### **Spider-Man: Across the Spider-Verse**

PG—2023—140 min

*Dir. Joaquim Dos Santos, Kemp Powers, Justin K. Thompson w/ Shameik Moore, Hailee Steinfeld, Brian Tyree Henry*

*Spider-Man: Across the Spider-Verse* plunges viewers into a kaleidoscopic adventure across multiple dimensions, where various Spider-People, each with unique abilities and backgrounds, unite to face a threat endangering all realities. This sequel expands the *Spider-Verse*, exploring themes of identity, belonging, and the power of diversity. Its innovative animation and heartfelt storytelling make it a captivating celebration of the differences that unite us.

2:30pm

### **The Marvels**

PG-13—2023—105 min

*Dir. Nia DaCosta w/ Brie Larson, Teyonah Parris, Iman Vellani*

Perhaps the Marvel movie that elicited the highest ratio of Angry Youtube Response Videos to Female Leads, *The Marvels* packs an intergalactic punch driven by the chemistry of its lead trio. Reuniting Carol Danvers with the now-grown daughter of her first friend on earth and rounding out the band with Ms. Marvel, fresh off her own series, the 33rd installment in the MCU brings girl power to a franchise that waited until 2019 to make a female-led superhero movie.

4:30pm

### **Barbie**

PG-13—2023—109 min

*Dir. Greta Gerwig w/ Margot Robbie, Ryan Gosling, America Ferrera*

*Barbie* can be anything she wants, except apparently an Oscar winner! Arguably the most commercially successful film of 2023, *Barbie* explores the experience of being a woman in a fantasy world and then starkly contrasts that experience with being a woman in the real world. Even *Barbie*'s feminism is intersectional, so if yours doesn't include your transgender, disabled, Black, indigenous, and queer sisters, it wouldn't fly in *Barbie Land*.

# PANELS AND PROGRAMMING

Audience participation is an important part of most CONvergence panels. Please feel free to (respectfully) ask questions.

You are welcome to bring food and drink into the programming rooms. You can also rearrange the chairs, assuming that the room isn't too full. Please put the chairs back where you found them and take care of your trash. Trash receptacles are located in each room, usually by the doors. There are no magic fairies to clean up the rooms—just CONvergence volunteers.

Panels are open to all CONvergence attendees with a weekend or day pass.

Those panels at which we expect more adult content are marked as "18+" in their descriptions and are normally scheduled to start at 10:00pm or later. Parents can use this information to help determine whether a panel is appropriate for their children.

For other panels, panelists are requested to take note of the age of the youngest attendees in the audience and adjust accordingly.

If you want to send us comments on a panel, a form is available at [convergence-con.org/panel-evaluation](http://convergence-con.org/panel-evaluation). You can also use the following QR code to get there:

If you have a suggestion for a panel at next year's convention, a form is available at [convergence-con.org/panel-suggestion](http://convergence-con.org/panel-suggestion). You can also use the following QR code to get there:

# MAINSTAGE

## Hyatt 1 Nicollet Ballroom

We can be found on the 1st floor of the Hyatt Regency in the Nicollet Ballroom, with our entrance across from the CONvergence Dealers Room. There is plenty of seating, so don't get discouraged by long queues—friendly Nerf Herders and our usher volunteers will help get you in and seated comfortably as quickly as possible. With our giant repeater screens, there are no bad seats in the house!

See our map for additional seating details—it is possible to remain seated through multiple performances in some areas.

Have special seating considerations or accessibility needs? We're happy to help to the best of our ability. Please contact one of our ushers or staff at least 15 minutes prior to the performance you'd like to see.

## MainStage Dance Etiquette

MainStage stays open late to give you a place to get your dance on and burn off some extra energy. While we welcome all, here are a few things to keep in mind that will keep everybody's experience spaced out and groovy:

- Hydrate! We promise the air conditioning is turned up as high as it will go. Nevertheless, it can get warm quickly if you dance a lot. MainStage is lucky enough to be one of the places that has a water tap, so you don't have to go far to quench your thirst. There are also drinking fountains near the escalators. Remember to keep an eye on and re-use your cup if you can.
- As with any other space at this convention, costumes are NOT consent. Make sure to ask before dancing with that awesome Kylo Ren or Leeloo; some people are more comfortable dancing alone.
- Please ask before getting on our stage. We have scheduled dancers and performers that will be on stage from time to time and asking people to move around constantly gets awkward for everybody. If nobody is

there, feel free to ask us, but please be respectful if the current performer doesn't want the company.

- Please limit requests. Most of our performers work through the year to prepare their sets for CONvergence. If you don't like the music right now, remember that most performers play for no longer than an hour and then something different will happen. If you do like the music, make sure you let that performer know.
- The dances can get loud. If you enjoy the atmosphere, but are concerned about the volume, please find complimentary earplugs near our main door.
- See our electronic signage for additional details.
